- ReadWriteThink.org Printing Press

What It's Great For...

- Thinking Maps

- Author Study

- Writing Prompts with Illustrations

- Reading Comprehension Activities

- Letters and Cards

- Brochures

- Newspapers

- Informational Flyers/ Posters

- Student Made Activity Sheets

ham and cheese

first you cut the bread.

Next, you slice the ham.

Also,you put tomatoes on.

Then, you put the cheese on.

Last you eat it.

Dear Kailee,
April 14th, 2011

Thank you for telling me about you and asking about me. To answer your first question, for fun I like to read and dance. I have read almost every book I own and I am currently reading Matilda. Have you seen the movie? Your second question asked what my favorite subject is. I would say writing, though I like others as well. At my house I am writing two novels. One is about a girl and her sister going on an adventure to save their family and the other is a Harry Potter fan fiction. When I grow up I would like to be an author or writer of some other sort. What about you?

Your Friend,
Laney
